

About Webkul

Our top-rated B2B/B2C online marketplace platform is a professional and reliable solution utilised by over 1,000 marketplaces presently. With over 13 years of experience in the industry, our platform boasts a wealth of matured features necessary to construct a successful marketplace.

Our expertise extends beyond marketplace solutions, as we also provide industry-leading digital commerce, enterprise resource planning (ERP), and customer relationship management (CRM) solutions to support businesses in complex operations and growth. Our proven track record of serving over 150,000 clients globally in the past 13 years underscores our ability to meet diverse business needs and provide effective solutions. Overall, our platform is designed to help businesses of all sizes tap into the power of online marketplaces, streamline operations, and achieve success in their respective industries.

WORLD'S TOP BRANDS TRUST WEBKUL

Webkul Marketplace + SAP Commerce

Webkul Multi-Vendor Marketplace is a great tool to convert your SAP commerce cloud into a fully functioning marketplace. It facilitates the process of adding sellers and keeping track of their sales. Sellers can create their own shop with a variety of products. It includes all the necessary features required to build a successful Marketplace.

In today's world companies that deal with other businesses are increasingly in need of a secure organisational system. Companies are in need of solutions which **lower development cost and increase credibility like Amazon Marketplace**. Amazon is a well-known and trusted brand, which can lend credibility to sellers on the platform. By building a marketplace like Amazon, you can take advantage of this credibility and establish your own brand as a trustworthy source of products.

Webkul Marketplace connector integrates SAP commerce cloud and Webkul Multi Vendor seamlessly. Our solution seamlessly integrates with SAP Commerce cloud thus drastically reducing development cost, maintenance and complexity.
